4. Using category-wise multiplying factor

Admission process:

The admission process consists of a written test and Interview for each of the streams. Written test may include a material / studio test, which will be communicated to the applicants to be called for written test and interview.

1. Applicants who qualify in CEED 2017 and meet eligibility criteria for each stream are eligible to apply to M. Des program at IDC, IIT Bombay.

2. All applications will be scrutinized to verify whether they meet the eligibility criteria of the streams applied to. Those applications not conforming to eligibility criteria will be rejected.

3. A category-wise merit list for each stream would be prepared based on the CEED marks of the eligible candidates, called IDC-CEED merit list.

4. Out of all candidates who apply to various streams in IDC, an Interview Call list will be made for each stream. This list for each stream will have a limited number of top scoring applicants from IDC-CEED merit list.

5. Interview Call list is decided on the basis of category-wise seats available in each stream and by using a multiplying factor for each category.

6. The multiplying factor for all categories is 8 (eight). e.g.. If the number of seats in General category is 10 for a particular stream, then 80 candidates available from the General category will be called for written test and interview. This would be applicable to all categories.

7. The applicants in the Interview Call list will have to appear in admission test on Tuesday May 02, 2017 and interview on Wednesday May 03, 2017 and Thursday May 04, 2017 at IDC, IIT Bombay. Appearance in all test, and Interview are mandatory.
Admission process:

8. The written test and interview will carry 100 marks each.

9. After the written test and interview, a category wise Final merit list using final scores will be prepared. The final score would be the total of CEED marks, written test and Interview marks with 30%, 40% and 30% weightage respectively.

10. A Final merit list would be constituted based on the above final score. Admission would be offered from this list based on seats available for each category.

11. A cutoff, called Final merit list cutoff would be applied to the Final merit list. This would be 50 for General, 45 for OBC(NC) (i.e.. 90% of GENERAL), and 33 for SC/ST/PwD (i.e.. 2/3 of GENERAL) respectively.

Candidates with final score that is less than the Final merit list cutoff for their respective category will not be considered for admission even if a seat is available in that category.

For instance, only those General category candidates who score 50 or above in the Final merit list will be considered for admission. Similarly, only those OBC(NC) category candidates who score 45 and above in the Final merit list will be considered for admission and only those SC/ST/PwD category candidates who score 33 and above in the Final merit list will be considered for admission.

12. The Final merit list cutoff is fixed in advance by the institute. It is the measure of a certain minimum aptitude and abilities expected in a candidate aspiring to pursue the academically challenging and demanding course.

**NOTE 1**
*A total of 3 seats, which is 5% of total available seats (61) are reserved for PwD applicants. The PwD seats will be used up from the parent birth category that the PwD applicant belongs to.

**NOTE 2**
The total intake is capped at 61 with the number of OBC(NC), SC and ST category seats being 16, 9 and 5 respectively. The OBC(NC), SC and ST category seats are transferable between streams, and **strictly not between quota categories**. This is done to maximize intake of candidates from these categories. For example, if ID stream gets only three eligible OBC candidates instead of its quota of four, then the remaining one OBC(NC) seat may be transferred to any other stream which may have more than their share of its quota of eligible OBC(NC) candidates.

Applicants to be called for written test & interview, if available in the *IDC-CEED merit list*, using the multiplying factor of 8.
